HARD DAYS ON SHOES  
BUT NOT IF YOU BUY

**BUSTER BROWN SHOES**

with Buster Service Tips

FOR STRONG, STURDY, FUN-LOVING BOYS AND GIRLS.

Can't  
Kick'em  
Out

A Shoe with SERVICE TIPS  
Like This

Would never Wear Out  
Like This

Children find it impossible to scuff out the toes of Buster Brown Shoes, for they are made for the hardest usage that children know how to subject their shoes to.

Then, too, Buster Brown Shoes are made to give more real comfort and wear than any other children's shoes we know of—and that's saying much.

Buster Brown Shoes are guaranteed to give perfect satisfaction, and the cost of these "WONDER SHOES," as many parents call them, is a mere trifle when you take into consideration the long wear children get out of Buster Brown Shoes.

Four Out of Five  
Wait Too Long

Nature warns with bleeding gums

Take no chances with tender, bleeding gums.

They are Nature's warning of Pyorrhea's coming, and Pyorrhea strikes four persons out of every five past forty, and thousands younger, too.

After having your teeth and gums inspected by your dentist, brush your teeth with Forhan's For the Gums. It will prevent Pyorrhea or check its course provided it is used consistently and used in time.

Forhan's For the Gums is the formula of R. J. Forhan, D.D.S. Used as a dentifrice, it will keep your teeth white and clean and your gums firm and healthy. It is pleasant to the taste. At all druggists, 35c and 60c in tubes.

**Forhan's**  
FOR THE GUMS

More than a tooth paste  
— it checks Pyorrhea

## DENIES TARIFF BAN ON FOREIGN TRADE

British Financier Tells Bankers  
New Law Will Not  
Close U. S. Market.

URGES DELAY ON DEBTS

Trust Company Head Says Allies  
Should Have Ten Years'  
Grace.

NEW YORK, October 6.—The allied debts to the United States and German reparations and settlement of these problems as they may affect the industry and commerce of the United States were the outstanding topics of interest at the third and closing session of the convention of the American Bankers' Association here yesterday.

While Sir Reginald McKenna, former chancellor of the British exchequer, in an interview said that he believed that the new tariff law would increase prices in this country to such an extent that foreign merchants would be able to leap the tariff barriers and remain in the American market, the bankers expressed the hope that "the President will not hesitate to make use of the power granted him by the new tariff law to make such adjustments in the schedules as may be necessary from time to time for a restoration of our international commerce."

Suspension of the debts of France, Italy and other European debtors of the United States for a period of ten years was recommended by President Alvin W. Kreh of the Equitable Trust Company as a means of taking the allied debt question out of politics for a definite period and affording an atmosphere of judicial aloofness in which the subject might be approached.

### Defends Labor Court.

Any cancellation of Europe's debts to the United States at the present time would not assist either France or Italy in collecting reparations from Germany, he asserted. America must and will keep faith with Europe, he concluded, but Europe must do her part and keep faith with herself. Gov. Henry J. Allen of Kansas, in a defense of the Kansas industrial relations court, said that it should not be expected that every time a new contract is to be made between the miners and coal operators or between the railroad workers and railroad heads that the contract should be the basis of a vicious and costly civil war upon the helpless public.

### Near East Menace.

"If the Turks had been allowed to cross into Thrace two weeks ago as a conquering army, there would surely have been a war in the Balkans," he asserted. "Bulgaria would have arisen to contest with the Turks for possession of the Thracian ports leading to the Mediterranean, and I believe Germany, encouraged by Kemal Pasha's success, would have argued that if the Turks could thus successfully defy an ally, she also could do so, and general warfare might have commenced in central Europe. The Turkish because of the British stand, will now enter Thrace peacefully, and war has been averted."

Turkey is a festering boil which must be destroyed, he asserted, before there can be peace in the Balkans. The convention ended in a ball last night. A golf contest and a trip to West Point is on the program for today. Two Hudson river steamers and a special train have been chartered to carry several thousand delegates and their families to the Military Academy, where a special program has been arranged.

### Officers Elected.

Theodore G. Smith, vice president Central Union Trust Company, New York city, was elected president of the trust company division. Evans Woolen, president of the Fletcher Savings and Trust Company, Indianapolis, was chosen vice president. The executive committee consists of Frank W. Blair, president, Union Trust Company, Detroit; Edward J. Fox, Easton, Pa.; W. S. Miller, Chicago; Gilbert T. Stephenson, Winston-Salem, N. C.; Thomas H. West, Providence, R. I.

A resolution offered by Francis H. Slason, vice president of the Guaranty Trust Company of New York, reaffirming the division's stand against removal of the American Bankers' Association's offices from New York to Washington, was unanimously adopted.

## 'Too Much Melon' On Menu of U. S. For French Guest

PARIS, October 6.—M. Parmen- to Washington, has returned to France and has had a great deal to say in praise of the lavish hospitality he encountered in America. He seems to have been particularly struck by the amount of excellent champagne he found there. His one criticism is that melon appeared rather too frequently on the American menus.

M. Parmenier says he likes melon, particularly the American variety, but it was melon for breakfast, melon for lunch and melon again for dinner. "Then," he added, "I had discussions with Mr. Mellon" of the Treasury between meals."

### BULB IMPORTATION UP.

Importation of bulbs into this country will be considered at a conference to be held at 10 a.m., October 30, at the Department of Agriculture. Lists of bulbs already admitted will be considered, as well as the admittance of any additions that can be made.

## ROOSEVELT IN PRAISE OF G.O.P. ACHIEVEMENTS

Economy, Labor, Tariff and Fin-  
ances Discussed in Kan-  
sas City Speech.

By the Associated Press.

KANSAS CITY, Mo., October 6.—Lieut. Col. Theodore Roosevelt, assistant secretary of the Navy, speaking in the interests of the republican administration here, warmly commended the achievements of the Harding administration. Governmental economy, the labor situation, the tariff, disarmament and finances were among the subjects discussed. He concluded with an appeal to the people to uphold the hands of the administration. Col. Roosevelt stressed economy measures now in effect. "We are saving enormous amounts

of money," he said. "The saving is reflected in reduced costs of living. The administration has succeeded in reducing the national debt by \$300,000,000 in two years. The revision of the income tax alone has saved the people \$819,000,000."
